

Traction® TeamPage Social Enterprise Web

Search, discuss, tag, task, and share content from SharePoint, Documentum, File servers, Exchange, SQL Databases, Web and other sources.

Search SharePoint and TeamPage sources. Add a TeamPage task to any Sharepoint search hit. Click Expand to see the details.

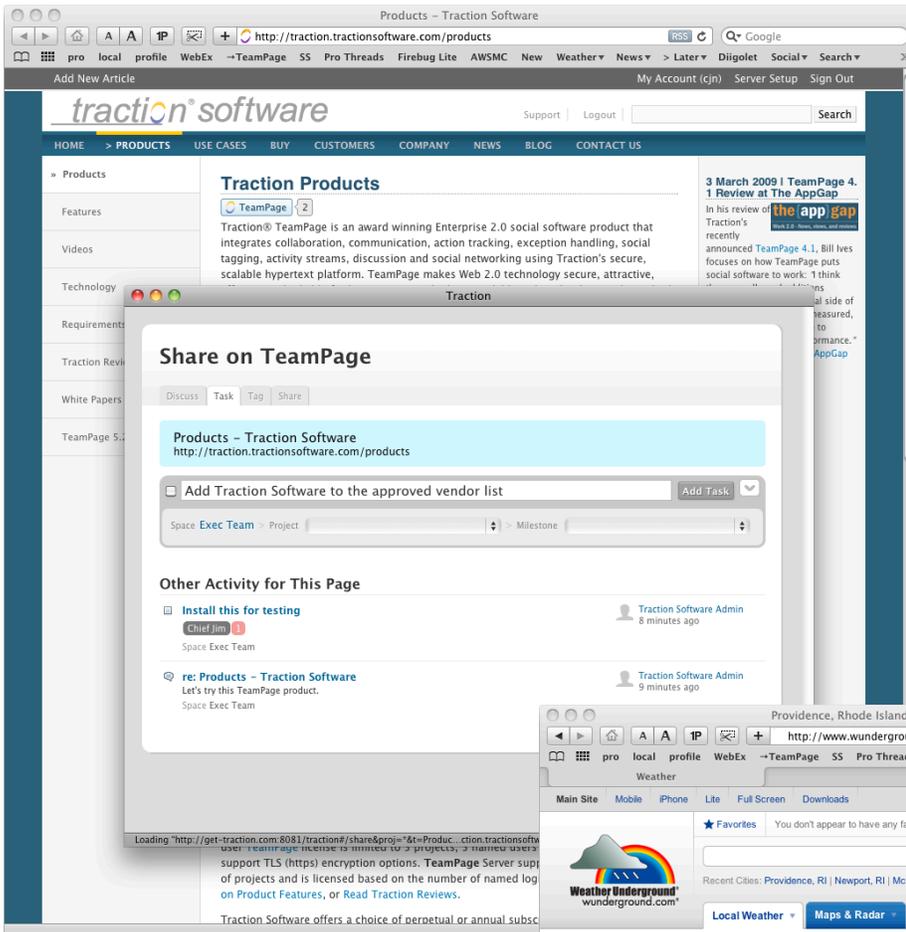

Avatars for social actions.

See who tagged, tasked, shared, or commented on any result from any source - inside or outside of TeamPage.

Click the avatar to see the person's profile or activity stream.

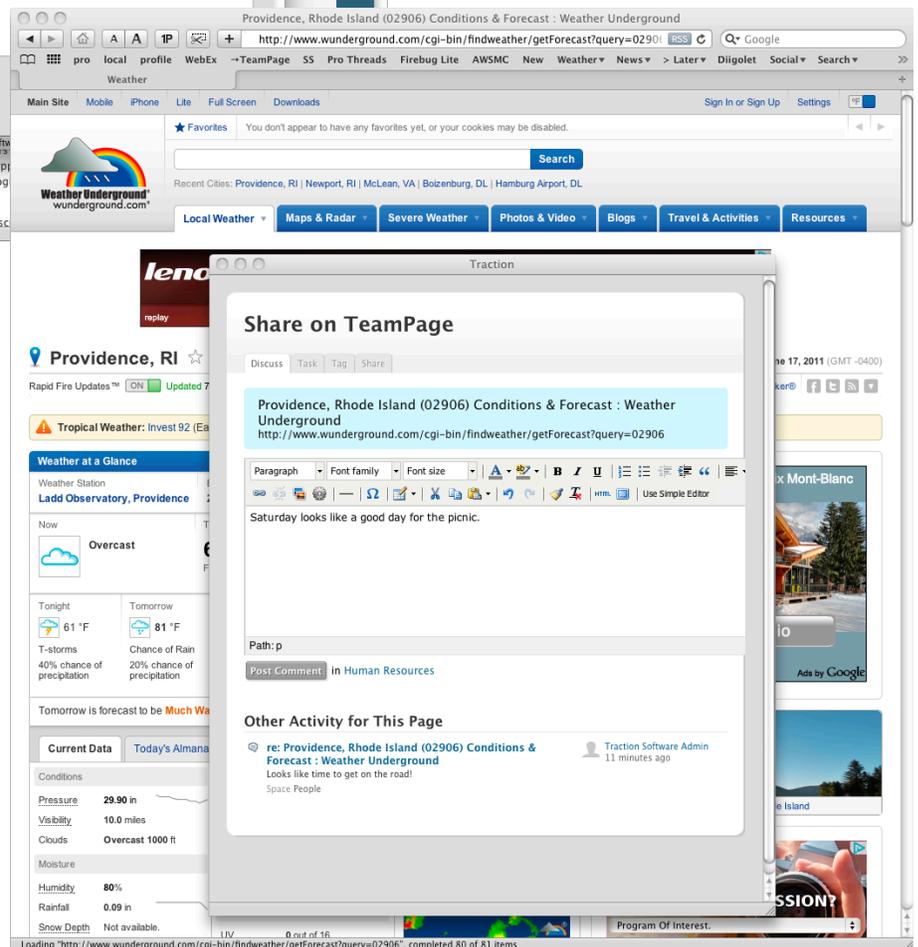

Traction® TeamPage Social Enterprise Web

Add a TeamPage badge to Web pages to discuss, tag, task or share it using TeamPage

The TeamPage Badge shows a count of TeamPage social actions associated with that page.

Click the Badge to see the associated actions in context for easy review or followup, or add a new comment, task or tag.

Install the TeamPage bookmarklet on the bookmarks bar of any Web browser.

Click the bookmarklet to discuss, tag, task or share that page and index its content for search using TeamPage.
